1) The **Heir** will **consume** life to generate **blood** and bring forth the **covenant.**
2) From the **Son** was **pressed** the **blood** that **seals** the **covenant**.
3) Yeshua came to complete the **covenant,** through the pouring out of his own **blood to** present to all mankind the **duality** of **life** and **death, good** and **evil, clean** and **unclean** once and for all!

*This is often translated as 'breath' however, a more correct translation is actually 'soul' as translated in the Tanakh.

In Depth Letter Study:

נ

As the first living *soul* of mankind, and being created in the image of Elohim, Adam became the firstborn, the **heir** whose **seed** would **continue** all mankind!

ש

Within Adam Havvah (Eve) already existed, as a potentiality of **duality**, later brought forth. All Living souls must **eat** and **consume** to **continue(נ)** to live.

מ

90% of all living organisms is **water.** There is no force more **mighty** than the *nashama* given to living beings. The scriptures tell us 'life is in the **blood'** The ongoing struggle of all living things, but especially man, is to continually bring forth order from **chaos.**

ת

In the making of mankind, YEHOVAH Elohim had completed his creation. Humanity this became the **mark** or **seal** of his accomplishments as an Awesome Creator!
Through mankind He would eventually initiate a **covenant** with all living things (via Noah). All other living things were made with qa nefesh (spirit) but only humans were given a nashema!

ח

All *life* is made from the **division** of cells, cells are like are microscopic **chambers** containing **within** a nucleus, the powerhouse of *life*. These cells function within the **chamber** of the tissues and bodies they compose to keep foreign bodies **outside.** Each *living* being contains only **half** of the genetic information needed to generate another *life*.

י

The defining quality of *living* things is their ability to **work**, **do (deeds)** and all living things have arms/legs/**hands** by which they **work**. In the case of mankind, who has an opposable thumb, we possess the additional ability to **throw** and wield objects. Finally Man alone among all living things can perform the sacred privilege of **worship,** in which one raises up the **hands** to exalt Elohim!

ה

In the making of mankind, YEHOVAH Elohim had completed his creation. Humanity this became the **mark** or **seal** of his accomplishments as an Awesome Creator!

ם/מ

Again, 90% of all living organisms is **water.** Life is **mighty!** The scriptures tell us '*life* is in the **blood'** The ongoing struggle of all *living* things, but especially man, is to continually bring forth order from **chaos.** The **massive** scale of *life* defies comprehension.

Adam, man *ah-dahm* אָדָם	
א ד ם	**Root**
אָדָם *ah-dahm* The First Man, human	**Base Word**

Basic Meanings:

1) It is the **power** of **Elohim** which **moves** through *mans* body offering the **opportunity of entering into** the covenant by the **blood!**
2) *Man* is created as a **leader** in whose very flesh the **opportunity** for Eve to **enter** existence was possible.

א

All Adam as the *FIRST MAN* was the **LEADER** of all humanity.
Adam was created in the image of **ELOHIM**.
After the fall from grace he was told it was by his brute **STRENGTH** he would survive

ד

Door move opportunity enter.
As the first man, the loins of Adam are the **DOOR** through which all humanity **ENTERS** this world. Adam's disobedience in Gan Eden OPENED the **ENTRANCE** to sin and death. Man's essential nature is to continually **move** , make and do.

מ/ם

Again, 90% of Adam, as a living organism, is **water.** Adam was truly **mighty to be cast out of** Gan Eden and not just give up and die. The scriptures tell us '*life* is in the **blood'** It is for Adam that **blood** is first shed, when he is provided skins to wear to cover his shame after he fell from grace. The ongoing struggle of Man in specific, is to continually bring forth order from **chaos.**.
